DISTRICT OF MISSOURI (NO. 31)

PROJECT NO. 31-12 - OLD STONE HOUSE

Northeast Corner, Second and Gabouris Sts.,
Sainte Genevieve, Missouri.

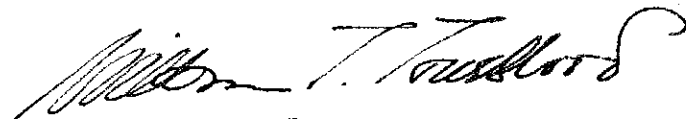

Height of Building, one and one-half
stories, in fair condition.

Date of Erection ; About 1800.
Number of Drawings: 2.

Owned and occupied by Oliver F. Schwendt
as a residence.

The exterior of the building is of stone,
and it is typical of early homes of that
section. The house is said to have been
the home of one of the Spanish Command-
antes.

On the Illinois side of the Mississippi
River, opposite Ste. Genevieve, there
was at one time a fort called Fort
Chartres, which was abandoned when Ste.
Genevieve was founded. This fort was
built of stone, and the stones were used
for some time by the builders of Ste.
Genevieve as a quarry. The stones in the
quoins and some of the stones in the face
of this building evidently came from that
source.

WILBUR T. TRUEBLOOD.
